REMARKS

By the above actions, claims 1, 3 & 4 have been amended, and claims 2 & 5 have

been cancelled, to correct discovered informalities. No new matter is introduced. In view of

these actions and the following remarks, reconsideration and allowance of this application are

requested.

Before proceeding further, the Examiner's indication of allowable subject matter with

respect to claims 2-4 is acknowledged with appreciation. Accordingly, claim 1 has been

amended to correct discovered informalities and based on the allowable subject matter of

claim 2, claim 3 has been rewritten in independent form and to correct discovered

informalities, and claims 2 & 5 have been cancelled, placing the present case in condition for

allowance.

Therefore, in the absence of new and more relevant prior art being discovered, this

application should now be in condition for allowance and action to that effect is requested.

However, while it is believed that this application should now be in condition for allowance,

in the event that any issues should remain, or any new issues arise, after consideration of this

response which could be addressed through discussions with the undersigned, then the

Examiner is requested to contact the undersigned by telephone for the purpose of resolving

any such issue and thereby facilitating prompt approval of this application.

Respectfully submitted,
